Kwa mwalimu-mlezi. Tazameni video pamoja (dakika 3–4), kisha jadilini na fanyeni zoezi. Jumla: takriban dakika 45. / For the teacher-mentor. Watch the video together (3–4 minutes), then discuss and do the activity. Total: about 45 minutes.

Lengo / Aim	Wanafunzi wanaeleza AI ni nini, wanajua aina nne za zana, na wanazitumia kwa usalama. / Students explain what AI is, know four kinds of tools, and use them safely.
Kiolezo / Template	Kumbukumbu ya Matumizi ya AI (anzeni kuijaza) / AI Use Log (start filling it in)

Kabla ya kutazama (dakika 5) / Before watching (5 minutes)

- Mmewahi kutumia AI wapi bila kujua? (Simu, mitandao ya kijamii, tafsiri...) / Where have you used AI without knowing it? (Phones, social media, translation...)
- Mnadhani AI inaweza kukosea? Toeni mfano. / Do you think AI can be wrong? Give an example.

Baada ya kutazama (dakika 10) / After watching (10 minutes)

1. Kwa maneno yenu wenyewe, AI ni nini? / In your own words, what is AI?
2. Kwa nini hatupaswi kuandika taarifa binafsi kwenye zana ya AI? / Why should we never type personal information into an AI tool?
3. Tafsiri isiyo sahihi inaweza kumdhuru nani? Tunawezaje kukagua? / Who could be harmed by a wrong translation? How can we check?

Zoezi (dakika 15) / Activity (15 minutes)

1. Mwalimu achague zana mbili za AI zinazoruhusiwa kwa umri wa wanafunzi (angalieni sheria za kila zana). / The teacher chooses two AI tools allowed for the students' age (check each tool's rules).
2. Muulizeni swali moja kwa Kiingereza na kwa Kiswahili. Linganisheni majibu: lipi ni bora? Kuna makosa? / Ask each one question in English and in Kiswahili. Compare the answers: which is better? Any mistakes?
3. Andikeni safu moja kwenye Kumbukumbu ya Matumizi ya AI. / Write one row in the AI Use Log.
4. Orodhesheni matatizo matano mnayoyaona nyumbani, shuleni au katika jamii. / List five problems you see at home, at school or in the community.

Usalama / Safety
